

Report of National Deworming Program, 2022

Gyan Mandir Public School and Ministry of Health and Family Welfare observed National Deworming day on **Thursday, 07.04.2022** to eradicate worms in the children from age 4 years till 18 years old as suggested. About 70—80 % of students of all the classes starting from Perp. till class 12th were given the deworming tablet Albendazole (500gm) after lunch with the consent of their respective parents under the supervision of school doctor Dr Sanskriti Jawa and nurse Ms.Latha V .Nair.

No side effect was reported in any of the student. Those who were absent on 07.04.2022, were given the medicine on 12th April, 2022. It is indeed a step towards building a healthy Nation.
